## Offer Description

At the Faculty of Sciences of the University of Lisbon (FCUL), a call is open for the attribution of 1 (one) research grant for Bachelor, financed by FCUL, under the scope of the Project “Plano de ação e projeto de controlo de *Xenopus laevis* (rã-de-unhas-africana)”, according to the following conditions:

### Work plan:

- Control of invasive aquatic species using electrofishing;
- Follow-up of drainage actions for bodies of water;
- Environmental DNA sampling;
- Dissection and tissue sampling of specimens collected in the campaign.

### Fellowship duration:

The grant is expected to start on July 2024. The contract, with a duration of 3 (three) months, on an exclusive basis, with the possibility of renewal until the end of December 2024.

### Form of presentation of applications:

Applications may be sent by e-mail, to the address [candidaturas@ciencias.ulisboa.pt](mailto:candidaturas@ciencias.ulisboa.pt), with the reference "BI-LICENCIADO-ICNCG-XENOPUS", under penalty of not being considered for the competition.

Applications must be accompanied, compulsorily and under penalty of exclusion, by the following documents. No document, which must be submitted at the time of application, may be submitted after the deadline for submission:

- Personal data form and declaration of consent for communication of results via e-mail;
- Declaration under oath;
- Proof of enrolment, in the academic year 2023/2024, in a non-awarding academic degree course integrated in the educational project of a higher education institution and developed in association or cooperation with one or several R&D Units;
- Detailed and updated Curriculum Vitae;
- Photocopy of the qualification certificate(s) of the academic degree(s) required - Bachelor degree;
- If the academic degree, required in the present announcement as an admission requirement for the type of scholarship in question, was obtained abroad, you must submit one of the following documents: (See also the NOTES below)

- Document proving that you have already applied for the recognition of the degree, which application must be submitted by the deadline for receipt of applications, inclusive.

## Notes:

- 1) The presentation of the proof of obtaining the recognition or equivalence or registration of the academic degree is a mandatory condition for signing the contract;
- 2) For academic degrees obtained in foreign countries, which have not yet obtained either recognition or equivalence or registration of the degree, it is necessary to recognise it, under the terms provided for in Decree Law no. 66/2018, of 16 August, combined with Ordinance no. 33/2019, of 25 January, as currently amended.

## Where to apply

E-mail

[candidaturas@ciencias.ulisboa.pt](mailto:candidaturas@ciencias.ulisboa.pt)

## Requirements

Research Field

Biological sciences » Other

Education Level

Bachelor Degree or equivalent

## Skills/Qualifications

### Candidates must fulfil the following mandatory requirements:

- Degree in Biology
- Enrollment, in the academic year 2023/2024, in a non-academic course integrated in the educational project of a higher education institution and developed in association or cooperation with one or more R&D Units;
- Experience with electric fishing;
- Experience in controlling and eradicating invasive aquatic species

If the academic degree required by the present announcement as an admission requirement for the type of grant in question was obtained abroad, the requirements mentioned in point “Form of presentation of applications” of this announcement regarding the qualification certificates shall be taken into consideration.

## Specific Requirements
