Research Field	Engineering » Other
Researcher Profile	First Stage Researcher (R1)
Positions	Bachelor Positions
Country	Portugal
Application Deadline	11 Nov 2024 - 23:59 (Europe/Lisbon)
Type of Contract	Other
Type of Contract Extra Information	Other
Job Status	Full-time
Is the job funded through the EU Research Framework Programme?	Not funded by a EU programme
Is the Job related to staff position within a Research Infrastructure?	No

Offer Description

At the Faculty of Sciences of the University of Lisbon (Ciências Ulisboa), a call is open for the attribution of 1 (one) research grant for a bachelor, financed by FCUL, through Direção-Geral do Território (DGT), under the scope of the Project "Contrato de Cooperação N.º 5558 – CEXC/4623/2024 – SMOS-PRR", according to the following conditions:

Work plan:

- Process the alphanumeric and geographic data provided by DGT (data related to the 2023 agricultural year, from October 2022 to September 2023);
- Create a set of training samples to test and evaluate the classification methodology based on machine learning algorithms in three landscape units selected by DGT using Sentinel-2 images for 2023 (2023 agricultural year);
- Identify limitations/errors in the classification results and refine the methodology;
- Identify, download, and process Sentinel-2 MSI2A images available for the 2024 agricultural year (October 2023 to September 2024);
- Apply the methodology to classify a time series of Sentinel-2 images for the entire territory of mainland Portugal (2024 agricultural year);
- Produce an Annual Map of Temporary Crops (*Mapa Anual de Culturas Agrícolas Temporárias*, MACAT) for the 2024 agricultural year.

Fellowship duration:

The grant is expected to start on december 2024. The contract, on an exclusive basis, without the possibility of renewal until the project end, date scheduled for 22nd November of 2025.

Form of presentation of applications:

Applications may be sent by e-mail, to the address candidaturas@ciencias.ulisboa.pt, with the reference "Ref.ª BI-MESTRANDO-SMOS-4", under penalty of not being considered for the competition.

Applications must be accompanied, compulsorily and under penalty of exclusion, by the following documents. No document, which must be submitted at the time of application, may be submitted after the deadline for submission:

- Personal data form and declaration of consent for communication of results via e-mail (see form below);
- Declaration under oath (see form below);
- Proof of enrollment, in the academic year 2024/2025, in the Master's degree in Geospatial Engineering at Ciências ULisboa;
- Detailed and updated Curriculum Vitae;
- Photocopy of the qualification certificate(s) of the academic degree(s) required - Bachelor degree;
- If the academic degree, required in the present announcement as an admission requirement for the type of scholarship in question, was obtained abroad, you must submit one of the following documents: (See also the NOTES below)
 - Document proving the granting, by a Portuguese Institution, of the recognition or equivalence or registration of the academic degree;
 - Document proving that you have already applied for the recognition of the degree, which application must be submitted by the deadline for receipt of applications, inclusive.

Notes:

1) The presentation of the proof of obtaining the recognition or equivalence or registration of the academic degree is a mandatory condition for signing the contract;

2) For academic degrees obtained in foreign countries, which have not yet obtained either recognition or equivalence or registration of the degree, it is necessary to recognise it, under the terms provided for in Decree Law no. 66/2018, of 16 August, combined with Ordinance no. 33/2019, of 25 January, as currently amended.

Where to apply

E-mail candidaturas@ciencias.ulisboa.pt

Requirements

Research Field Engineering » Other
Education Level Bachelor Degree or equivalent

Skills/Qualifications

Candidates must fulfill the following mandatory requirements:

- Bachelor's degree in Geospatial Engineering, Information Technology, or related scientific fields;
- Enrollment in the academic year 2024/2025, in the Master's degree in Geospatial Engineering at Ciências ULisboa;
- Experience in processing optical images and using Geographic Information Systems (GIS);
- Programming skills in Python and MATLAB.

If the academic degree required by the present announcement as an admission requirement for the type of grant in question was obtained abroad, the requirements mentioned in point "Form of presentation of applications" of this announcement regarding the qualification certificates shall be taken into consideration.

Specific Requirements

Preference will be given to candidates with the following requirements:

- Enrollment in the Master's program in Geospatial Engineering;
- Proficiency in the English language.

Additional Information

Benefits

Monthly allowance and social security:

- The fellowship amount corresponds to € 990.98 (nine hundred ninety euros and ninety-eight cents), according to FCT Regulation for Research Fellowships, published by Regulation no. 950/2019 in the Diário da República, 2nd series, no. 241, of 16th of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July, and available in the link:

https://www.fct.pt/wp-content/uploads/2024/02/Tabela-de-Valores-SMM_atualizacao-2024.pdf

It will be paid monthly by bank transfer;

- The candidate to be hired may exercise his right to social insurance by joining the voluntary social insurance scheme, under the terms of the Statute of the Research Fellowship. The financing entities assume the costs resulting from the contributions provided for this Social Insurance, according to the Statute of the Research Fellowship.

Selection process

Selection criteria:

The applicable selection methods will be curricular evaluation and, eventually, a selection interview.

If the jury chooses to conduct a selection interview, it will be conducted with the three (3) candidates with the best classification in the curricular assessment.

In the event that the selection interview is held, the final evaluation will be obtained considering the following weightings: 60% for the curricular evaluation and 40% for the selection interview.

The selection methods are eliminatory, and candidates who obtain a score of less than 9.5 in one of the selection methods or stages of the procedure will be excluded, and the next method or stage will not be applied to these candidates.

Selection committee:

Ana Cristina Navarro Ferreira (President), João Carlos da Costa Catalão Fernandes (1st Effective Member), João Manuel Calvão Rodrigues (2nd Effective Member), Fernando Jorge de Albuquerque Pina Soares (1st Alternate Member) and Cristina Maria Sousa Catita (2nd Alternate Member).

Form of publication/notification of results:

All candidates will be notified of the final result of the evaluation, sent to the email address used for sending the respective application, or by post, to the address given in the Personal Data Form, through a sorted list, in descending order of the final evaluation obtained.

Additional comments

Legislation framework:

- Research Fellowship Holder Statute - Law no. 40/2004, of August 18, amended by Decree-Law No. 202/2012, of August 27, by Decree-Law No. 233/2012, of October 29, by Law No. 12/2013, of January 29, by Decree-Law No. 89/2013, of July 9, and by Decree-Law No. 123/2019, of August 28;
- FCT Regulation for Research Fellowships - Regulation no. 950/2019 in the Diário da República, 2nd Series, no. 241, of 16 of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July.
