Is the job funded through the EU Research Framework Programme?	Not funded by a EU programme
Is the Job related to staff position within a Research Infrastructure?	No

Offer Description

At the Faculty of Sciences of the University of Lisbon (Ciências ULisboa), a call is open for the attribution of 1 (one) research grant for Master Student, financed by LISBOA 2030 – Programa Regional de Lisboa, within PORTUGAL 2030, through

FEDER funds, under the scope of the Project to internationalise industrial R&D on a European scale, namely the Project "I2DT - Intelligent Interoperable Digital Twins" (COMPETE2030-FEDER-00389100), according to the following conditions:

Work plan:

- Review the literature about how to detect vulnerabilities in the source code and which code features are associated with vulnerable and non-vulnerable code;
- Review NLP techniques that can process programming languages, as well as NLP-based models and deep learning;
- Create a dataset with PHP web applications to training the studied models;
- Create a NLP model to identify vulnerabilities in the code of web applications;
- Implementation of the model in a tool and its evaluation.

Fellowship duration:

The grant is expected to start on December 2024. The contract is for 9 (nine) months, on an exclusive basis, without the possibility of renewal.

Form of presentation of applications:

Applications may be sent by e-mail, to the address candidaturas@ciencias.ulisboa.pt, with the reference " **Ref.^a BI-MESTRANDO-I2DT-1**", under penalty of not being considered for the competition.

Applications must be accompanied, compulsorily and under penalty of exclusion, by the following documents. No document, which must be submitted at the time of application, may be submitted after the deadline for submission:

- Personal Data Form and Declaration of Consent for Communication of Results via e-mail;
- Declaration under oath;
- Proof of enrolment, in the academic year 2024/2025, in the 2nd year of the Master's Degree in Informatics;
- Detailed and updated Curriculum Vitae;
- Photocopy of the qualification certificate(s) of the academic degree(s) required – Bachelor degree;
- If the academic degree, required in the present announcement as an admission requirement for the type of scholarship in question, was obtained abroad, you must submit one of the following documents: (See also the NOTES below)
 - Document proving the granting, by a Portuguese Institution, of the recognition or equivalence or registration of the academic degree;
 - Document proving that you have already applied for the recognition of the degree, which application must be submitted by the deadline for receipt of applications, inclusive.

Notes:

1) The presentation of the proof of obtaining the recognition or equivalence or registration of the academic degree is a mandatory condition for signing the contract;

2) For academic degrees obtained in foreign countries, which have not yet obtained either recognition or equivalence or registration of the degree, it is necessary to recognise it, under the terms provided for in Decree Law no. 66/2018, of 16 August, combined with Ordinance no. 33/2019, of 25 January, as currently amended.

Where to apply

E-mail candidaturas@ciencias.ulisboa.pt

Requirements

Research Field Computer science » Informatics

Education Level Bachelor Degree or equivalent

Skills/Qualifications

Candidates must fulfil the following mandatory requirements:

- BSc in Meteorology, Oceanography and Geophysics, with a specialization in Computer Science;
- Enrollment, in the academic year 2024/2025, in the 2nd year of the Master's Degree in Informatics.

If the academic degree required by the present announcement as an admission requirement for the type of grant in question was obtained abroad, the requirements mentioned in point "Form of presentation of applications" of this announcement regarding the qualification certificates shall be taken into consideration.

Specific Requirements

Preference will be given to candidates with the following requirements:

- Programming languages of Python, PHP, Bytecode, Java;
- Software Security;
- Offensive and Defensive Cybersecurity Methodologies;
- Natural Language Interaction;
- Cloud Computing;
- Visualisation Techniques;
- Operating Systems.

Additional Information

Benefits

MONTHLY ALLOWANCE AND SOCIAL SECURITY:

- The fellowship amount corresponds to € 990,98 (nine hundred and ninety euros and ninety-eight cents), according to FCT Regulation for Research Fellowships published by Regulation no. 950/2019 in the Diário da República, 2nd series, no. 241, of 16th of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July, and available in the link:

https://www.fct.pt/wp-content/uploads/2024/02/Tabela-de-Valores-SMM_atualizacao-2024.pdf

It will be paid monthly by bank transfer;

The candidate to be hired may exercise his right to social insurance by joining the voluntary social insurance scheme, under the terms of the Statute of the Research Fellowship. The financing entities assume the costs resulting from the contributions provided for this Social Insurance, according to the Statute of the Research Fellowship.

Selection process

Selection criteria:

The applicable selection methods will be curricular evaluation and, eventually, a selection interview.

If the jury chooses to conduct a selection interview, it will be conducted with the three (3) candidates with the best classification in the curricular assessment.

In the event that the selection interview is held, the final evaluation will be obtained considering the following weightings: 80% for the curricular evaluation and 20% for the selection interview.

The selection methods are eliminatory, and candidates who obtain a score of less than 9.5 in one of the selection methods or stages of the procedure will be excluded, and the next method or stage will not be applied to these candidates.

Selection committee:

Professor Ibéria Vitória de Sousa Medeiros (President), Professor Ana Luísa do Carmo Correia Respício (1 st Effective Member) and Professor Vinicius Vielmo Cogo (2nd Effective Member), Professor Alysson Neves Bessani (1st Alternate Member) and Professor Pedro Miguel Frazão Fernandes Ferreira (2nd Alternate Member).

Form of publication/notification of results:

All candidates will be notified of the final result of the evaluation, sent to the email address used for sending the respective application, and/or by post, to the address given in the Personal Data Form, through a sorted list, in descending order of the final evaluation obtained.

Additional comments**Legislation framework:**

- Research Fellowship Holder Statute - Law no. 40/2004, of August 18, amended by Decree-Law No. 202/2012, of August 27, by Decree-Law No. 233/2012, of October 29, by Law No. 12/2013, of January 29, by Decree-Law No. 89/2013, of July 9, and by Decree-Law No. 123/2019, of August 28;
- FCT Regulation for Research Fellowships - Regulation no. 950/2019 in the Diário da República, 2nd Series, no. 241, of 16 of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July.
