Is the Job related to staff position within a Research Infrastructure?	No

Offer Description

At the Faculty of Sciences of the University of Lisbon (FCUL), a call is open for the attribution of 1 (one) research grant for a master's degree, sign up in a course that does not confer an academic degree, financed by EUROPEAN COMMISSION - CINEA, through EU - LIFE Climate Change Adaptation Programme, under the scope of the Project "LIFE DUNAS" (LIFE 19 CCA/PT/001178), according to the following conditions:

Work plan:

- Topographic and aerial photogrammetric surveys using DGPS and UAV in dune systems;
- Fieldwork with wind transport data acquisition using anemometers, saltiphone and sediment traps);
- Field data processing;
- Production of cartographic elements (DTM's and Orthophotomaps) of high resolution of the dune system;
- Treatment and exploitation of monitoring data for the (morphological and ecological) dune restoration.
- Preparation of technical-scientific reports.
- Support in the dissemination activities of the LIFE Dunas project, focusing on the activities carried out by FCUL.

Fellowship duration:

The grant is expected to start on February 2025. The contract, with a duration of twelve (12) months, on an exclusive basis, without the possibility of renewal.

Form of presentation of applications:

Applications may be sent by e-mail, to the address candidaturas@ciencias.ulisboa.pt, with the reference "BI-MESTRE-ICNCG-LIFEDUNAS", under penalty of not being considered for the competition.

Applications must be accompanied, compulsorily and under penalty of exclusion, by the following documents. No document, which must be submitted at the time of application, may be submitted after the deadline for submission:

- Personal data form and declaration of consent for communication of results via e-mail;
- Declaration under oath;
- Proof of enrolment, in the academic year 2024/2025, in a non-academic degree course that is part of the educational project of a higher education institution and developed in association or cooperation with one or more R&D Units;

- Detailed and updated Curriculum Vitae;
- Photocopy of the qualification certificate(s) of the academic degree(s) required – Master's degree;
- If the academic degree, required in the present announcement as an admission requirement for the type of scholarship in question, was obtained abroad, you must submit one of the following documents: (See also the NOTES below)
 - Document proving the granting, by a Portuguese Institution, of the recognition or equivalence or registration of the academic degree;
 - Document proving that you have already applied for the recognition of the degree, which application must be submitted by the deadline for receipt of applications, inclusive.

Notes:

1) The presentation of the proof of obtaining the recognition or equivalence or registration of the academic degree is a mandatory condition for signing the contract;

2) For academic degrees obtained in foreign countries, which have not yet obtained either recognition or equivalence or registration of the degree, it is necessary to recognise it, under the terms provided for in Decree Law no. 66/2018, of 16 August, combined with Ordinance no. 33/2019, of 25 January, as currently amended.

Requirements

Research Field

Other

Education Level

Master Degree or equivalent

Skills/Qualifications

Candidates must fulfil the following mandatory requirements:

- Master's degree in Earth Sciences (or related)
- Enrolled, in the academic year 2024/2025, in a non-academic degree course that is part of the educational project of a higher education institution and developed in association or cooperation with one or more R&D Units

If the academic degree required by the present announcement as an admission requirement for the type of grant in question was obtained abroad, the requirements mentioned in point "Form of presentation of applications" of this announcement regarding the qualification certificates shall be taken into consideration.

Specific Requirements

Preference will be given to candidates with the following requirements:

- Enrollment in a PhD in Earth Sciences (or related)
- Knowledge of coastal morphodynamics;
- Knowledge of morphodynamics of dune systems;

- Knowledge about ecology of dune systems;
- Experience in fieldwork with acquisition/processing of morphological data using DGPS and UAV;
- Experience in fieldwork with acquisition/processing of wind transport data (anemometers, sediment traps and saltiphone);
- Experience in Geographic Information Systems (ArcGIS) and photogrammetry programs (e.g. Agisoft Metashape);

Experience in the preparation of technical-scientific reports.

Additional Information

Benefits

Monthly allowance and social security:

- The fellowship amount corresponds to € 1.259,64 (One thousand two hundred and fifty-nine euros and sixty-four cents), according to FCT Regulation for Research Fellowships, published by Regulation no. 950/2019 in the Diário da República, 2nd series, no. 241, of 16th of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July, and available in the link:

https://www.fct.pt/wp-content/uploads/2024/02/Tabela-de-Valores-SMM_atualizacao-2024.pdf

It will be paid monthly by bank transfer;

- The candidate to be hired may exercise his right to social insurance by joining the voluntary social insurance scheme, under the terms of the Statute of the Research Fellowship. The financing entities assume the costs resulting from the contributions provided for this Social Insurance, according to the Statute of the Research Fellowship.

Selection process

Selection criteria:

The applicable selection methods will be curricular evaluation and, eventually, a selection interview.

If the jury chooses to conduct a selection interview, it will be conducted with the three (3) candidates with the best classification in the curricular assessment.

In the event that the selection interview is held, the final evaluation will be obtained considering the following weightings: 60% for the curricular evaluation and 40% for the selection interview.

The selection methods are eliminatory, and candidates who obtain a score of less than 9.5 in one of the selection methods or stages of the procedure will be excluded, and the next method or stage will not be applied to these candidates.

Selection committee:

Rui Pires Matos Taborda (President), Ana Maria Almeida Nobre Silva (1st Effective Member), Fátima Cristina Ponte Lira (2nd Effective Member), João Pedro Viegas Ribeiro Cascalho (1st Alternate Member) and Maria da Conceição Pombo de Freitas (2nd Alternate Member).

Form of publication/notification of results:

This competition is advertised on the Sciences ULisboa and Euraxess websites.

All candidates will be notified of the final result of the evaluation, sent to the email address used for sending the respective application, or by post, to the address given in the Personal Data Form, through a sorted list, in descending order of the final evaluation obtained.

Additional comments

Legislation framework:

- Research Fellowship Holder Statute - Law no. 40/2004, of August 18, amended by Decree-Law No. 202/2012, of August 27, by Decree-Law No. 233/2012, of October 29, by Law No. 12/2013, of January 29, by Decree-Law No. 89/2013, of July 9, and by Decree-Law No. 123/2019, of August 28;
- FCT Regulation for Research Fellowships - Regulation no. 950/2019 in the Diário da República, 2nd Series, no. 241, of 16 of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July.
