Offer Description

At the Faculty of Sciences of the University of Lisbon (Ciências ULisboa), a call is open for the attribution of 1 (one) research grant for a master's degree enrolled in a non-academic degree course, financed by Faculdade de Ciências da Universidade de Lisboa, according to the following conditions:

Work plan:

- To work and contribute to publish a data base with results obtained by the group in previous projects

- To identify and enumerate the Phytoplankton species collected in Antarctica, under project KHIONE
- To identify and enumerate the Phytoplankton species collected during the Atlantic Meridional Transect (AMT30)

Fellowship duration:

The grant is expected to start on March 2025. The contract, with a duration of 9(nine) months, on an exclusive basis, without the possibility of renewal.

Form of presentation of applications:

Applications may be sent by e-mail, to the address candidaturas@ciencias.ulisboa.pt, with the reference " Ref.^a BI-MESTRE-ICNCG-1003SPID_CIENCIAS.1.6", under penalty of not being considered for the competition.

Applications must be accompanied, compulsorily and under penalty of exclusion, by the following documents. No document, which must be submitted at the time of application, may be submitted after the deadline for submission:

- Personal data form and declaration of consent for communication of results via e-mail;
- Declaration under oath;
- Proof of enrolment, in the academic year 2024/2025, in a non-academic degree course that is part of the educational project of a higher education institution and developed in association or cooperation with one or more R&D Units;
- Detailed and updated Curriculum Vitae;
- Photocopy of the qualification certificate(s) of the academic degree(s) required – master degree in Biology or similar areas, but with a strong plant component;
- If the academic degree, required in the present announcement as an admission requirement for the type of scholarship in question, was obtained abroad, you must submit one of the following documents: (See also the NOTES below)
 - Document proving the granting, by a Portuguese Institution, of the recognition or equivalence or registration of the academic degree;
 - Document proving that you have already applied for the recognition of the degree, which application must be submitted by the deadline for receipt of applications, inclusive.

Notes:

1) The presentation of the proof of obtaining the recognition or equivalence or registration of the academic degree is a mandatory condition for signing the contract;

2) For academic degrees obtained in foreign countries, which have not yet obtained either recognition or equivalence or registration of the degree, it is necessary to recognise it, under the terms provided for in Decree Law no. 66/2018, of 16 August, combined with Ordinance no. 33/2019, of 25 January, as currently amended.

Education Level

Master Degree or equivalent

Skills/Qualifications

Candidates must fulfil the following mandatory requirements:

- Master's degree in Biology or similar areas, but with a strong plant component;
- Enrolled, in the academic year 2024/2025, in a non-academic degree course that is part of the educational project of a higher education institution and developed in association or cooperation with one or more R&D Units;
- Large experience in identifying phytoplankton species in the microscope.

If the academic degree required by the present announcement as an admission requirement for the type of grant in question was obtained abroad, the requirements mentioned in point "Form of presentation of applications" of this announcement regarding the qualification certificates shall be taken into consideration.

Specific Requirements

Preference will be given to candidates with the following requirements:

- Previous work experience in ecology and taxonomy of Phytoplankton;
- Previous participation in research projects;
- Knowledge on phytoplankton taxonomy of aquatic ecosystems, ie, freshwater, estuarine, coastal, oceanic, polar regions.
