Offer Description

At the Faculty of Sciences of the University of Lisbon (FCUL), a call is open for the attribution of 1 (one) research grant for PhD student, financed by Programme Interreg Atlantic Area 2021-2027, under the scope of the Project " DiadSea - Transnational cooperation to improve the management and conservation of diadromous fish at sea" (EAPA_0011/2022), according to the following conditions:

Work plan:

- Conducting sampling campaigns to capture and tag fish species;
- Carrying out field surveys to deploy and maintain scientific equipment installed in the coastal zone of mainland Portugal and inland waters;
- Compilation of historical fisheries dependent or independent data (presence/absence or abundance of fish species in the marine environment; ocean distribution) focusing on the marine phase of migratory fishes
- Participation in meetings with stakeholders in the management of fish resources in Portugal;

- Compilation, organization and analysis of data collected as part of ongoing work;
- Preparing content and participating in and organizing outreach initiatives to disseminate the work;
- Drafting working documents, technical reports and preparing scientific articles for publication.

Fellowship duration:

The grant is expected to start on June 2025. The contract, with a duration of 10 months, on an exclusive basis, with the possibility of renewal until the project end, date scheduled for 31-10-2026, subject to budget availability.

Form of presentation of applications:

Applications may be sent by e-mail, to the address candidaturas@ciencias.ulisboa.pt, with the reference " Ref.ª BI-DOUTORANDO-DiadSea-3", under penalty of not being considered for the competition.

Applications must be accompanied, compulsorily and under penalty of exclusion, by the following documents. No document, which must be submitted at the time of application, may be submitted after the deadline for submission:

- Personal data form and declaration of consent for communication of results via e-mail;
- Declaration under oath;
- Proof of enrolment, in the academic year 2024/2025, in the Doctoral Programme in Marine Sciences;
- Detailed and updated Curriculum Vitae;
- Photocopy of of driving license for light vehicles;
- Photocopy of of seaman's license or certification with equivalent qualifications;
- Document proving the national diving license or certification with equivalent qualifications;
- Photocopy of the qualification certificate(s) of the academic degree(s) required - Master degree;
- If the academic degree, required in the present announcement as an admission requirement for the type of scholarship in question, was obtained abroad, you must submit one of the following documents: (See also the NOTES below)
 - Document proving the granting, by a Portuguese Institution, of the recognition or equivalence or registration of the academic degree;
 - Document proving that you have already applied for the recognition of the degree, which application must be submitted by the deadline for receipt of applications, inclusive.

Notes:

1) The presentation of the proof of obtaining the recognition or equivalence or registration of the academic degree is a mandatory condition for signing the contract;

2) For academic degrees obtained in foreign countries, which have not yet obtained either recognition or equivalence or registration of the degree, it is necessary to recognise it, under the terms provided for in Decree Law no. 66/2018, of 16 August, combined with Ordinance no. 33/2019, of 25 January, as currently amended.

Where to apply

E-mail candidaturas@ciencias.ulisboa.pt

Requirements

Research Field Biological sciences » Other

Education Level Master Degree or equivalent

Skills/Qualifications

Candidates must fulfil the following mandatory requirements:

- Master's degree in Marine Ecology or related areas;
- Enrolment, in the academic year 2024/2025, in the Doctoral Programme in Marine Sciences;
- Driving license for light vehicles;
- Seaman's license or certification with equivalent qualifications;

If the academic degree required by the present announcement as an admission requirement for the type of grant in question was obtained abroad, the requirements mentioned in point "Form of presentation of applications" of this announcement regarding the qualification certificates shall be taken into consideration

Specific Requirements

Preference will be given to candidates with the following requirements:

- Experience in the use of biotelemetry and conventional marking (mark-recapture) to monitor fish movements;
- Experience in the use of electric fishing to capture fish;
- Experience in tagging fish through the internal implantation of electronic devices;
- Experience in contact with fishermen and on board surveys in commercial fishing vessels;
- Data analysis with R software and geographic information systems;
- Proficiency in Portuguese;
- Physical strength essential for carrying out the scholarship duties to which you are applying.

Internal Application form(s) needed**Formulários_3.pdf****English** (505.51 KB - PDF)Download [📄 \(https://euraxess.ec.europa.eu/sites/default/files/jobs/2025-03/Formul%C3%A1rios_3.pdf\)](https://euraxess.ec.europa.eu/sites/default/files/jobs/2025-03/Formul%C3%A1rios_3.pdf)

Additional Information

Benefits**Monthly allowance and social security:**

- The fellowship amount corresponds to €1309,64 (one thousand three hundred and nine euros and sixty four cents), according to FCT Regulation for Research Fellowships, published by Regulation no. 950/2019 in the Diário da República, 2nd series, no. 241, of 16th of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July, and available in the site of FCT, I.P.

It will be paid monthly by bank transfer;

- The candidate to be hired may exercise his right to social insurance by joining the voluntary social insurance scheme, under the terms of the Statute of the Research Fellowship. The financing entities assume the costs resulting from the contributions provided for this Social Insurance, according to the Statute of the Research Fellowship.

Selection process**Selection criteria:**

The applicable selection methods will be curricular evaluation (30%), previous experience (70%) considering the elements identified in the subsection "Specific Requirements" and, eventually, a selection interview.

If the jury chooses to conduct a selection interview, it will be conducted with the three (3) candidates with the best classification in the curricular assessment.

In the event that the selection interview is held, the final evaluation will be obtained considering the following weightings: 20% for the curricular evaluation, 50% for previous experience and 30% for the selection interview.

The selection methods are eliminatory, and candidates who obtain a score of less than 9.5 in one of the selection methods or stages of the procedure will be excluded, and the next method or stage will not be applied to these candidates.

Selection committee:

Bernardo Silva Ruivo Quintella (President), Catarina Sofia Pereira Mateus (1st Effective Member), Vera Lúcia Candeias (2nd Effective Member), Joana Boavida-Portugal (1st Alternate Member) and José Lino Costa (2nd Alternate Member).

Form of publication/notification of results:

This competition is advertised on the Sciences ULisboa and Euraxess websites.

All candidates will be notified of the final result of the evaluation, sent to the email address used for sending the respective application, or by post, to the address given in the Personal Data Form, through a sorted list, in descending order of the final evaluation obtained.

Additional comments**Legislation framework:**

- Research Fellowship Holder Statute - Law no. 40/2004, of August 18, amended by Decree-Law No. 202/2012, of August 27, by Decree-Law No. 233/2012, of October 29, by Law No. 12/2013, of January 29, by Decree-Law No. 89/2013, of July 9, and by Decree-Law No. 123/2019, of August 28;
- FCT Regulation for Research Fellowships - Regulation no. 950/2019 in the Diário da República, 2nd Series, no. 241, of 16 of December, amended by Regulation No. 643/2021, published in the Diário da República, 2nd Series, No. 135, of 14 July.
