Portuguese nationals, foreign and stateless persons may submit applications to this selection procedure, provided they hold a doctoral degree<sup>1</sup> in Earth Sciences or similar areas, have specialised skills and/or expertise in the field of Climatology, Oceanography, and fully comply with the following requirements:

- a) The PhD must have been granted at least 1 years ago <sup>(1)</sup>.
- b) Demonstrated scientific and/or professional experience in the area of numerical modelling, extreme events, ocean-atmosphere interactions.
- c) The candidate must also have experience in 1) Big data acquisition and processing; 2) Multivariate statistical analysis.
- d) Demonstrated knowledge of programming skills, preferable Python.
- e) Fluent in English (oral and written).

<sup>(1)</sup> Please note that Degrees obtained in foreign countries need a Portuguese Recognition issued by a Portuguese high degree Institution, according to the [Decree-Law nr. 66/2018](#), of August 16<sup>th</sup> and the [Ministerial Order nr. 33/2019](#), of January 25<sup>th</sup>. 1. Failure to comply with the Admission Requirements implies the non-admission of candidates in absolute merit.
2. According to article 5 of the RCD, the selection of the candidates approved in absolute merit will rely on the evaluation of their scientific and curricular achievements in the last five years, taking into consideration the quality and relevance of the scientific production, and the professional activity indicated as more relevant by the candidate, for the project.
3. The final classification of candidates is given on a scale of 0 to 100%.
4. Evaluation of the relative merit of candidates, will rely on the following criteria:
  - a) Participation in relevant scientific projects in the climatology/oceanography field (40%);
  - b) Scientific publications in the climatology/oceanography field(45 %);

- c) Pedagogical and outreach activities, in particular in the context of promoting scientific practices, organization of courses, seminars and conferences, in the climatology/oceanography field (10 %);
  - d) Assessment of the references provided by the candidate – (5 %);
  - e) Interview, if deemed necessary by the jury ( 10%).
- 5. The jury may decide to interview the three best ranked candidates [in criteria a) to d) of paragraph 4)], for clarifications and improved explanations of curricular elements. If there is an interview, the sum of the classification obtained in the evaluation criteria a) to d) will correspond to 90% of the final classification and the interview will correspond to 10%.
- 6. The jury shall deliberate by means of a roll-call vote based on the evaluation criteria.
- 7. Minutes of the jury meetings are drawn up, summarizing all relevant elements considered by jury members, as well as their individual votes and justifications.
- 8. After completion of the evaluation process, the jury will draw up a ranking of successful candidates with their classifications.
- 9. Hiring will be decided by the Chairman of the Board of Directors of FCIências.ID, based on the final jury recommendation.
- 10. The evaluation results will be published on the website of the FCIências.ID ("Concursos" tab). The candidates will be individually notified of the evaluation results by e-mail sent to the address indicated in the "Personal Data" section of the submitted form.
