## Public Notice - International Selection Procedure

### Recruitment of an Innovation Expert (EINOV)

**Associated Laboratory Institute for Molecular Sciences (IMS), Reference  
LA/P/0056/2020, financed by *Fundação para a Ciência e a Tecnologia, I.P./MCTES***

**FCiências.ID/2022/LA/IMS-CIÊNCIAS/1**

**FCiências.ID - Associação para a Investigação e Desenvolvimento de Ciências**, through its Chairman of the Board of Directors, following the signature of the program-contract for the attribution of the statute and complementary funding to Associate Laboratories 2021-2025, hereby announces the opening of an international call for the recruitment of an Innovation Expert with a PhD degree, in the framework of the **Associated Laboratory Institute for Molecular Sciences (IMS), Reference LA/P/0056/2020**, financed by ***Fundação para a Ciência e a Tecnologia, I.P./MCTES***, in the form of an employment contract, on an exclusive regime, according to the Portuguese Labour Code and complementary legislation.

#### I. Admission Requirements

Portuguese nationals, foreign and stateless persons may submit applications to this selection procedure, provided they hold a doctoral degree<sup>1</sup> and fully comply with the following requirements:

- a) Three years of professional and/or academic experience after PhD completion;
- b) Proven experience in Science management;

<sup>1</sup> Please note that Degrees obtained in foreign countries need a Portuguese Recognition issued by a Portuguese high degree Institution, according to the [Decree-Law nr. 66/2018](#), of August 16<sup>th</sup> and the [Ministerial Order nr. 33/2019](#), of January 25<sup>th</sup>. The presentation of such Recognition is mandatory for contract signature. More information can be obtained in: <https://www.dges.gov.pt/en/pagina/degree-and-diploma-recognition>.

#### II. Preferential Requirements

- a) Experience in preparing scientific project proposals submitted to international entities; establishment of international collaborative research networks;
- b) Experience in establishing cooperation between academia and industry;
- c) Experience in the area of innovation and knowledge valorization;
- d) Proficiency in Portuguese and English (written and spoken).

#### III. Applicable Law

1. Portuguese Labour Code, as approved by Law No. 7/2009, of February 12<sup>th</sup>, in its current version (CT);
2. Regulation of *Carreiras de Investigação Científica e de Gestão de Ciência e Tecnologia da FCIências.ID – Associação para a Investigação e Desenvolvimento de Ciências (Regulamento de Carreiras)* available on <https://fciencias-id.pt/node/50>.

#### IV. Workplace

The position to be provided requires doctoral training and relevant professional experience, to ensure that the candidate to be hired is considered as a “peer” and is able to interact with the researchers and coordinators of the various thematic lines (TLs) of the IMS, understanding well the respective scientific topics and application possibilities:

- MATsoft (Functional materials, soft matter and nanoscience);
- MEDlife (Medicinal, biological and biophysical chemistry for health);
- H2Oenv (Technologies for water, environment and energy);
- SYNcat (Synthesis, catalysis and chemical processes);
- CHEMfocus (Fundamentals and awareness)

The TLs, each in their own way, and the R&D units that make up the IMS face challenges that relate to the potential for using molecular tools, according to a strategy that typically involves the design, modeling and synthesis of new molecules and materials, with high application potential for solving societal problems, such as the clean environment, minimization of climate change, energy sustainability, circular economy and healthy living, always from the perspective of new chemical molecular systems and value chains that can be constituted around companies with a specificity labeled “chemical and pharmaceutical sciences and technologies”.

The innovation specialist to be hired will explore international funding programs and guide the IMS in identifying the best scientific and/or industrial partners, who can assist the insertion of new molecules, materials and analytical systems created by the IMS into value chains with high potential.

The innovation specialist to be hired will contribute to the scientific and architectural review of many funding proposals built by the IMS or will identify credible external experts who can contribute to funding proposals excellence, both formally and in terms of content, given the very demanding evaluation criteria.

The innovation specialist to be hired should help to build an internal structure for the IMS that efficiently operates and responds in all matters in which IMS intervenes, within the scope of the Internationalization and Funding Committee of the IMS.

## **V. Composition of the Jury**

The members of the jury are:

- President - Fernando José Nunes Antunes (University of Lisbon, Faculty of Sciences, Associate Professor with Aggregation);
- 1<sup>st</sup> Member of the jury - Manuel Eduardo Minas da Piedade (University of Lisbon, Faculty of Sciences, Full Professor);
- 2<sup>nd</sup> Member of the jury - José Nuno Canongia Lopes (University of Lisbon, *Instituto Superior Técnico*, Full Professor);
- 1<sup>st</sup> Alternate Member of the jury - Filomena Elisabete Lopes Martins Elvas Leitão (University of Lisbon, Faculty of Sciences, Assistant Professor);
- 2<sup>nd</sup> Alternate Member of the jury - Maria Matilde Soares Duarte Marques (University of Lisbon, *Instituto Superior Técnico*, Full Professor).

## **VI. Place of work**

Work will be developed at the facilities of the Associate Lab IMS - CIÊNCIAS in Campo Grande, Lisbon, Portugal.

There is also a variable remuneration component indexed to the success of funding applications capture for the IMS. Upon a positive opinion of the evaluation of the activities carried out, career progression is made possible in accordance with the Regulation of *Carreiras de Investigação Científica e de Gestão de Ciência e Tecnologia* of FCIências.ID (*Regulamento de Carreiras*).

## IX. Evaluation of applications

1. Failure to comply with the Admission Requirements implies the non-admission of candidates in absolute merit.
2. The selection of the candidates approved in absolute merit will rely on the evaluation of their scientific and curricular achievements in the last five years, taking into consideration the quality and relevance of the scientific production, and the professional activity indicated as more relevant by the candidate.
3. Based on the assessment of the candidates' scientific and curricular background in the last 5 years, each member of the jury presents a justified proposal for admission (final classification equal to or greater than 75%) or exclusion (final classification below 75%) for each candidate, according to the evaluation criteria referred to in paragraph 5.
4. The final classification of candidates is given on a scale of 0 to 100%.
5. Evaluation of the relative merit of candidates, will rely on the following criteria:
  - a) Participation and success in the preparation of scientific project proposals submitted to international entities; establishment of contact networks; and, establishment of international research consortia – 90%  
Or  
establishment of cooperation between academia and industry; innovation and knowledge valorization of; and, establishment of contact networks – 90%
  - b) Appreciation of the references given by the candidate – 10%.
  - c) Interview, if deemed necessary by the jury, for clarifications and improved explanations of curricular elements - 10%.
6. The jury will interview the five best ranked candidates in criteria a) to b) of paragraph 4), for clarifications and improved explanations of curricular elements. If there is an interview, the sum of the classification obtained in the evaluation criteria a) to b) will correspond to 90% of the final classification and the interview will correspond to 10%.
7. The jury shall deliberate by means of a roll-call vote based on the evaluation criteria.
8. Minutes of the jury meetings are drawn up, summarizing all relevant elements considered by jury members, as well as their individual votes and justifications.
9. After completion of the evaluation process, the jury will draw up a ranking of successful candidates with their classifications.
10. Hiring will be decided by the Chairman of the Board of Directors of FCIências.ID, based on the final jury recommendation.
