D. Additional requirements

D BERLIN 01:

- Master students need to send a bachelor certificate OR a transcript of records with 180 ECTS credits to the Student Exchange Office. All master programs are consecutive master programs at D BERLIN 01. A consecutive master's program builds on a previously completed bachelor's program **in the same field**.
- PhD students need to send a master certificate to the Student Exchange Office. PhD students will only receive ECTS credits if they complete courses at the host institution. Therefore, they will not receive any ECTS credits from the host institution for PhD-related research they undertake. The home institution is responsible for accrediting PhD students with ECTS credits for research completed at the host institution.
- It is not possible for students to hand-in their final BA-/MA-/PhD-thesis at the host institution. Final theses need to be graded by the home institution.
- Family-friendly organization of studies: To enhance compatibility between academic careers and family life, Freie Universität Berlin strives to ensure a family-friendly higher education environment. The university has already taken a number of actions to ensure that academic activities are organized to be friendly toward families, including preferential registration for seminars.
Contact: Family Support Center of Freie Universität Berlin, familienbuero@fu-berlin.de, www.fu-berlin.de/familienbuero
- Freie Universität Berlin offers counseling for students with disabilities and chronic diseases. We assist with finding suitable accommodation (wheelchair users are advised to apply for accommodation as early as possible), we provide information about public transport, access to health care, and about financial support in case of additional disability expenditure on the part of the student. The Office for Students with Special Needs moreover gives information concerning the accessibility of university buildings and helps to move a class to another room, if needed. Accommodated study and exam conditions, e.g. additional study papers for blind and visually impaired students, or extra time to use technical devices during exams can also be arranged.

F. Information

1. Grading systems of the institutions

D BERLIN 01:

ECTS Credits: The Freie Universität Berlin uses the *European Credit Transfer and Accumulation System* (ECTS) which is a workload-based system for measuring and comparing study results. The student is awarded a certain number of ECTS credits for each course which reflects the workload necessary to successfully complete a course. Credits are awarded only when the student has fulfilled the course requirements, for example regular attendance. The credits are allocated by the individual departments in accordance with the standard workload determined by the respective study and examination regulations whereby one credit equals 30 hours of study. Please note that the Student Exchange Office refrains from prescribing a standard workload per semester.

GRADES: The Student Exchange Office recommends the following grading equivalency table:

Freie Universität Berlin	ECTS	
Grade	Grade	Predicate
1,0 - 1,5	A	Excellent
1,6 - 1,7	B	Very Good
