

5th Portuguese Mass Spectrometry Meeting

2017

20 – 22 September

Arquivo Nacional da Torre do Tombo

Campus da Universidade de Lisboa

Main topics:

Advanced mass spectrometry instrumentation
Proteomics, including top-down proteomics
Metabolomics and small molecule analysis
Native and structural mass spectrometry

Plenary lectures:

Gianluca Giorgi | Università degli Studi di Siena
Helena Florêncio | Faculdade de Ciências ULisboa
Christian Rolando | Université de Lille

Register at:

ms2017.eventos.chemistry.pt

Chaired by:

Helena Florêncio & Carlos Cordeiro
