Francisco Gomes Teixeira and the internationalization of Portuguese mathematics

Pedro J. Freitas, FCUL

Francisco Gomes Teixeira (1851-1933) was a remarkable Portuguese mathematician, one of the greatest of the nineteenth and twentieth centuries and certainly the most prolific in that period. He maintained regular and intense correspondence with the greatest mathematicians of his time. In this lecture we will present some aspects of this correspondence.

11 April, 16:00 - 17:00
Instituto Superior Técnico, Campus Alameda
Complexo Interdisciplinar
Anfiteatro Abreu Faro
