

*Creative solutions for creating beauty*

### **Summer Job Cosmetic Laboratory in Switzerland**

For our international customers, we develop premium skin care products with novel active ingredients and innovative sensory properties. We are known in the industry for innovative approaches. For more information see: [www.jw-partner.ch](http://www.jw-partner.ch)

In order to enhance our team, we are looking for a laboratory employee immediately or as soon as possible during the summer holidays.

**Your profile:** You are a student in chemistry or pharmacology or in a related education. You have an appreciation for laboratory work, and you work in an organized manner. You have basic knowledge of English and enjoy working in an international environment.

**We offer:** Creative work, a modern laboratory, and a friendly atmosphere. A small and innovative team with a very good reputation in the cosmetic industry is looking forward to you.

Our company is in Schönenwerd, Switzerland about 30 minutes by train to Zürich or Bern.

Please send application documents per email to [judite.weyermann@jw-partner.ch](mailto:judite.weyermann@jw-partner.ch).
