

Ciências research day 2020

online event

PROGRAMME **28 out**

Ciências
ULisboa

PROGRAMME 28 out

- 9:30 | 09:45 Welcome words
L. Carricho, Dean
- 9:45 | 10:00 2020 Research highlights@CIÊNCIAS
Margarida Santos-Reis, Vice Dean for Research
- 10:00 | 11:00 **SESSION I – Top Notch Science**
- 10:00 | 10:15 Biological research in Psychiatry: from molecule to behaviour
Diana Prata, IBEB
- 10:15 | 10:30 Development and application of biochemical tools for tracking marine commercial products
Bernardo Duarte, MARE
- 10:30 | 10:45 From the modelling of future climate to its impacts
Pedro Mota Soares, IDL
- 10:45 | 11:00 Linked science: how computational semantics can bridge scientific disciplines
Cátia Pesquita, LASIGE
- 11:00 | 11:15 **Coffee-break**
- 11:15 | 12:15 **SESSION II – Science and Societal Recognition**
- 11:15 | 11:30 Shedding Light on the Dark Universe – ‘Euclid STAR Prize 2020 Team Award’
Ismael Tereno, IA
- 11:30 | 11:45 Studying the mechanisms that trigger congenital muscular dystrophy – ‘Women in Science’ L’Oréal Award
Ana Rita Carlos, cE3c
- 11:45 | 12:00 Driving your amazing science into a successful business @CIÊNCIAS
Rita Tomé, TECLABS
- 12:00 | 12:15 Biomimetx: from the sea to our daily life
Gonçalo Costa, Biomimetx
- 12:15 | 13:30 **Lunch**

- 13:30 | 14:00 **SESSION III – CIÊNCIAS in the path for sustainability**
- 13:30 | 13:45 CIÊNCIAS Living Lab for Sustainability: today and perspectives for the future
Jorge Maia Alves, Direção
- 13:45 | 14:00 + Biodiversity@CIÊNCIAS: Mobilizing CIÊNCIAS community for the improvement of the campus biodiversity and livelihood Sustainability Living Lab 2020 Award
Patricia Tiago e Sergio Chozas, cE3c
- 14:00 | 16:45 **SESSION IV – Science for Society: Fighting COVID-19 Together**
- 14:00 | 14:30 CIÊNCIAS and the COVID-19 pandemia
Manuel Carmo Gomes, DBV
- 14:30 | 14:45 COVID 19 incidence and mortality in Europe and worldwide
Carlos Antunes, IDL
- 14:45 | 15:00 Portugal through the eyes of a virus
(Nuno Araújo, CFTC)
- 15:00 | 15:15 Maths of the pandemic in Portugal: early days and current situation
Jorge Buescu, CMAF-CIO
- 15:15 | 15:30 **Coffee-break**
- 15:30 | 15:45 SAFE Coating: Fighting global virus threats with mass spectrometry
Carlos Cordeiro, DQB
- 15:45 | 16:00 REUSE: from science to technology to product to people
Fernando Antunes, CQE
- 16:00 | 16:15 COVIDTECT – Sentinel surveillance of SARS-CoV-2 in wastewater
Mónica Cunha, cE3c
- 16:15–16:45 CT@CIÊNCIAS: an integrated multidisciplinary response to the next Disease X
Ricardo Dias, BioISI
- 16:45–17:00 **Closing remarks**
Pedro Almeida, Vice Dean for Internationalization, External and Interior Relations and Image)
