

6 Month Pharmaceutical Analysis Internship

Ref: NAN2701

PLEASE READ CAREFULLY BEFORE CONTINUING.

ESPA or European Student Placement Agency is a recruitment agency whose goal is to find high quality internships for European students in the UK. We work closely with our host companies to ensure the positions provide students with a great experience, both professional and personal.

REQUIREMENTS: ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents. You have to still be a student or have graduated in the last 12 months. Any student who is unsure of their visa situation should check with their university before applying.

BENEFITS: ESPA is free for students. Accommodation, utility bills, TV Licence, Internet Access and UK commuter travel to the place of work will be paid for by the host company. This will be sourced and managed on your behalf by ESPA.

There is no salary over and above the benefits offered, unless specifically stated.

The Host Company

This host company are a specialist research organisation focused on the development of inhaled medicines. They utilize bespoke analytical technologies and formulation solutions to progress the development of inhaled products.

Role

The host company seeks to recruit a motivated and enthusiastic individual to its internship programme for undergraduate and postgraduate students. As an intern you will conduct scientific research and development related to orally inhaled and nasal drug products. During the internship, you will work on challenging assignments and receive the necessary training and development for a successful and rewarding internship.

Duration

6 months

Location

Newport, Gwent.

Newport is a cathedral and university city in south east Wales. At the 2011 census it is the third largest city in Wales, with an urban population of 306,844. The city forms part of the Cardiff-Newport metropolitan area with a population of 1,097,000. During the 20th century, the docks declined in importance, but Newport has remained an important manufacturing and engineering centre. Newport hosted the Ryder Cup in 2010. The city was the venue of the 2014 NATO Summit.
